WHAT IT'S FOR

Home & living
A soft throw for the sofa, the guest room, or a quiet corner.

Hotels & hospitality
In-room comfort with a discreet embroidered or patch mark.

Corporate gifts
A keepable piece that feels finished, not promotional-loud.

Welcome kits
A soft first impression at check-in or onboarding.

Retail & gifting
A luxurious 50" × 60" throw people want to keep.

WHY IT WORKS

01 Custom PMS dye
The throw itself is custom-dyed so the color can match a brand. Custom PMS match is available on 250 pieces and up.

02 Embroidery or a laser patch
Add the mark with embroidery or a laser patch—not a full-coverage print.

03 A cashmire-soft 50″ × 60″ throw
A refined size and a plush surface for the sofa, the suite, or a gift box.

04 No setup charge
Easier to quote for programs that need a finished, tonal look.

05 10–15 business days
A longer window than a standard sublimated promo throw—plan the timeline accordingly.

06 Packed the way you need it
Vacuum sealed or bulk, with options like a belly band, card and ribbon, or a custom box.

THE PLUS

Hospitality idea. A property can dye the throw to the brand color and add a small embroidered or laser patch at the corner—quiet branding on something guests actually use. Sample artwork shown at right.

Design tip. Send vector artwork for the embroidery or patch. Keep the mark simple; the custom-dyed field does the rest.
